Alphonse Mucha

Alphonse Mucha (1860-1939) rose from obscurity in Moravia to become one of the most celebrated Parisian artists and illustrators of his time. He was a leading exponent of the art nouveau style, popularising such motifs as flowers on slender, twining stems and romantic female figures with abundant flowing hair.

Original Style has reproduced six of his finest designs and pictures as decorated ceramic tiles and tile panels. These have been expanded into a fully co-ordinated tile collection with the addition of mirror images, single floral tiles and matching borders featuring motifs from the original pictures.
